

FREE IN-HOME NEW DOOR CONSULTATION!

Your garage door is part of your home.
Shouldn't it look like it?

cutaway views

9700 Series

Model 9700 steel garage doors are a canvas for self expression. Our maintenance-free factory finishes look great on any home, or they can be custom painted to match your home's trim.

- + R-10* polyurethane insulation
- + Bulb-shaped bottom seal remains flexible even in the cold to keep out bad weather
- + Foamed-in-place insulation helps block street noise
- + Insulated garage door improves energy efficiency
- + Embossed, high tensile steel panels give the look of wood with the strength of steel
- + Windload models available
- + Lifetime Limited Warranty

9800 Series

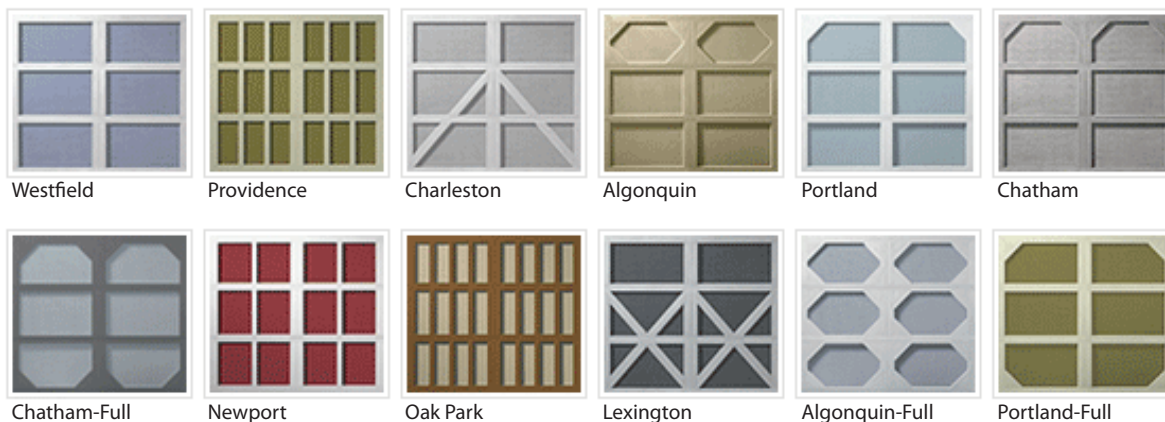

Model 9800 has an artfully molded fiberglass surface concealing durable steel construction. The high-definition graining will astound your eye. Even up close, they'll never know it's not genuine hardwood.

- + R-7.6* Polyurethane Insulation
- + True Wood-Grain Look
- + CFC-11 free and environmentally friendly
- + Bulb-shaped bottom seal remains flexible even in the cold to keep out bad weather
- + Surface can't dent or rust like steel
- + Foamed-in-place polyurethane insulation
- + Resists expansion and contraction
- + Lifetime Limited Warranty

Series 9700

The 9700 model garage door adds the final touch to the design of your home. It comes in a full series of styles, colors and finishes – or can be painted to match your home’s trim color. 12 designs, 10 window patterns, and 15 distinctive color options for a unique look that stands out from the crowd.

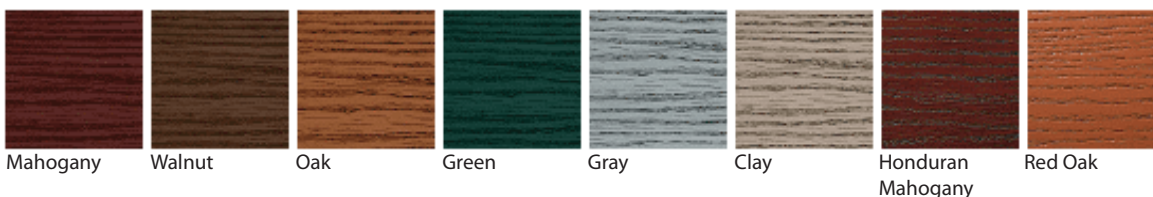

Please note: Some of the doors above have been custom-painted to show a variety of door styling options. See our maintenance-free factory finishes below.

Our maintenance-free factory finishes look great on any home. Many people, however, choose to custom-paint their doors to match their home's trim.

Stained Finishes

Series 9800

This could be the most beautiful wood door you've ever seen.

Except it's not wood!

Model 9800 has been magnificently engineered with an artfully molded wood-grain fiberglass surface concealing durable steel construction. It's energy efficient, quiet, safe and a beautiful design complement to your home. The 9800 is the industry gold standard.

(Shown in Mahogany)

The 9800 comes in a variety of architectural styles to add beauty and value to your home. Three-section styling on 7' high and under doors gives a custom design look. Our doors over 7' and up to and including 8' high have four-section styling. All panels have finished white interiors with white low-profile hinges.

Windows

Windows make your garage door part of the architecture. Choose insulated or non-insulated clear glass in any of the patterns shown here. These patterned styles can add charm and illumination to any home. Window options shown are for both 9700 and 9800 models. Clear, Obscure and Satin Etched Privacy Glass available.

Decorative Hardware

Each collection consists of four 16" x 2" hinge straps and two 9" pull handles. Every piece is made from black powder coated steel with a hand-hammered look. Additional accent pieces are available to match or complement each collection.

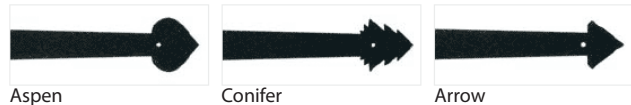

The Euro Collection

Inspired by the detailing of Old World estates, the Wayne-Dalton Euro Collections incorporate classic design icons.

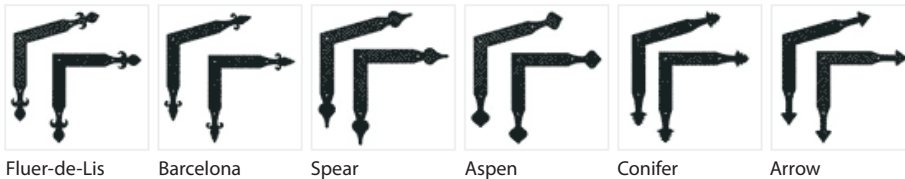

The American Collection

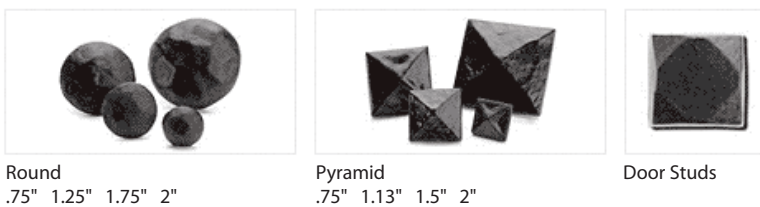

Imagery of the American southwest can be found in the graphic interpretations of native graphics.
