# Timeless Beauty

**Frame:** 1-3/8 inch kiln-dried hemlock/fir.

**Facing:** Your choice of the following:

- 3/8 or 5/8 inch medium density overlay plywood (for paint grade doors only).
- Vertical grain western red cedar, incense cedar, fir, or any other available materials as specified.

Wire-brush option is available on all doors to produce a weathered effect.

**Trim/Overlay:** Your choice of the following:

- Stain Grade: 5/8 inch clear western red cedar (standard), bonded to the facing with exterior adhesive and galvanized pin nails. Other options include redwood, fir, or other specified select woods.
- The concealed side of the trim is back-cut to prevent twisting and warping.

**Core:** 1-3/8 inch EPS, Polystyrene insulation

**Windows:** 1/8 inch DSB (standard) stopped and sealed in place. Many other types of windows are available as well.

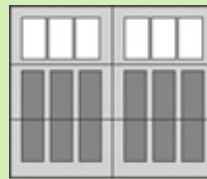

**Arched Top:** Available in a standard or custom radius. Please provide template with custom arch.

**Designs:** Choose from our designs or provide a detailed drawing of your own door.

**Section Height:** The maximum section height is 32 inches.

The following guidelines show the number of sections for door heights of up to fourteen feet:

- Up to 8'0" : 3 sections
- From 8'0" to 10' : 4 sections
- From 10' to 12' : 5 sections
- From 12' to 14' : 6 sections
